REVIEW AND RESULTS OF OPERATIONS

During this half-year period the Company successfully made the transition to a public listed company.

The company is pleased to announce a half-year after tax profit of \$1.608M on a revenue base of \$4.210M. This represents an EPS of 1.61 cents and Directors have declared a fully franked interim dividend of one cent per share.

The company's key market is the private medical IT market with a focus on radiology. During the reporting period, this market has undergone and continues to undergo rapid rationalization due to mergers and acquisitions. Whilst creating significant opportunities for Pro Medicus, the immediate effect of this market rationalisation has been a deferral of IT spending as a number of large radiology groups underwent sale and due diligence processes. This resulted in the delay of some orders impacting on total revenue for the period. This was largely offset by cost containment across all areas of the company's operations, which reduced expenditure to well under budget, resulting in a final profit within 15% of forecast for the period. Net margin of profit to revenue of 57.8% was ahead of budget, confirming the profitability of the Pro Medicus business model.

Early indications are that the sector is resuming IT spending, with increased interest in Pro Medicus solutions and services. We expect this trend to continue as radiology groups bring newly acquired practices up to industry "best practice IT" standard. Directors are encouraged by significant corporate orders since December 31.

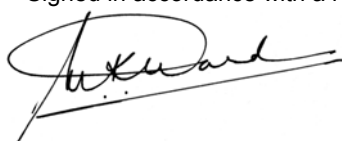

Promedicus.net, the company's e-health offering, continued to grow strongly over the period contributing to overall company profit. Usage of this secure and managed result delivery service more than doubled in the six-month reporting period. To date over 22% of GP's have registered with promedicus.net and continued strong growth confidently expected. The company is also actively pursuing opportunities for the use of promedicus.net by the pathology industry.

The Directors believe that the company is well positioned for sustained growth in the second half which, if maintained, would see an outcome generally in line with the annual forecast.

ROUNDING

The amounts contained in this report and in the half-year financial report have been rounded off under the option available to the company under ASIC Class Order 98/100. The company is an entity to which the Class Order applies.

Signed in accordance with a resolution of the directors.

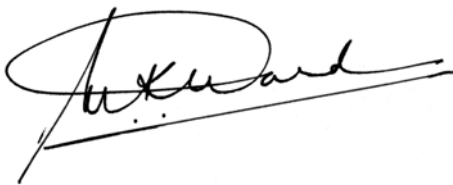

M. K. Ward
Chairman

In accordance with a resolution of the directors of Pro Medicus Limited, I state that:

In the opinion of the directors:

- (a) the financial statements of the entity which comprise Appendix 4B:
 - (i) give a true and fair view of the financial position as at 31 December 2000 and the performance for the half-year ended on that date of the entity; and
 - (ii) comply with Accounting Standard AASB 1029: Half-Year Accounts and the Corporations Regulations; and
- (b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

On behalf of the Board

A handwritten signature in black ink, appearing to read 'M. K. Ward', with a long horizontal line extending from the end of the signature.

Notes

1. **For announcement to the market** The percentage changes referred to in this section are the percentage changes calculated by comparing the current period's figures with those for the previous corresponding period. Do not show percentage changes if the change is from profit to loss or loss to profit, but still show whether the change was up or down. If changes in accounting policies or procedures have had a material effect on reported figures, do not show either directional or percentage changes in profits. Explain the reason for the omissions in the note at the end of the announcement section.
2. **True and fair view** If this report does not give a true and fair view of a matter (for example, because compliance with an Accounting Standard is required) the entity must attach a note providing additional information and explanations to give a true and fair view.
3. **Consolidated profit and loss account**
 - Item 1.1 The definition of "revenue" and an explanation of "ordinary activities" are set out in *AASB 1004: Revenue*, and *AASB 1018: Statement of financial performance*.
 - Item 1.6 This item refers to the total tax attributable to the amount shown in item 1.5. Tax includes income tax and capital gains tax (if any) but excludes taxes treated as expenses from ordinary activities (eg, fringe benefits tax).
4. **Income tax** If the amount provided for income tax in this report differs (or would differ but for compensatory items) by more than 15% from the amount of income tax *prima facie* payable on the profit before tax, the entity must explain in a note the major items responsible for the difference and their amounts.

5. **Consolidated balance sheet**

Format The format of the consolidated balance sheet should be followed as closely as possible. However, additional items may be added if greater clarity of exposition will be achieved, provided the disclosure still meets the requirements of *AASB 1029: Half-Year Accounts and Consolidated Accounts*, and *AASB 1040: Statement of Financial Position*. Banking institutions, trusts and financial institutions identified in an ASIC Class Order dated 2 September 1997 may substitute a clear liquidity ranking for the Current/Non-Current classification.

Basis of revaluation If there has been a material revaluation of non-current assets (including investments) since the last ⁺annual report, the entity must describe the basis of revaluation adopted. The description must meet the requirements of *AASB 1010: Accounting for the Revaluation of Non-Current Assets*. If the entity has adopted a procedure of regular revaluation, the basis for which has been disclosed and has not changed, no additional disclosure is required. Trusts should also note paragraph 10 of *AASB 1029* and paragraph 11 of *AASB 1030: Application of Accounting Standards etc.*

6. **Consolidated statement of cash flows** For definitions of “cash” and other terms used in this report see *AASB 1026: Statement of Cash Flows*. Entities should follow the form as closely as possible, but variations are permitted if the directors (in the case of a trust, the management company) believe that this presentation is inappropriate. However, the presentation adopted must meet the requirements of *AASB 1026*. ⁺Mining exploration entities may use the form of cash flow statement in Appendix 5B.
7. **Net tangible asset backing** Net tangible assets are determined by deducting from total tangible assets all claims on those assets ranking ahead of the ⁺ordinary securities (ie, all liabilities, preference shares, outside ⁺equity interests etc). ⁺Mining entities are *not* required to state a net tangible asset backing per ⁺ordinary security.
8. **Gain and loss of control over entities** The gain or loss must be disclosed if it has a material effect on the ⁺accounts. Details must include the contribution for each gain or loss that increased or decreased the entity’s consolidated profit (loss) from ordinary activities and extraordinary items after tax by more than 5% compared to the previous corresponding period.
9. **Rounding of figures** This report anticipates that the information required is given to the nearest \$1,000. However, an entity may report exact figures, if the \$A’000 headings are amended. If an entity qualifies under ASIC Class Order 98/0100 dated 10 July 1998, it may report to the nearest million dollars, or to the nearest \$100,000, if the \$A’000 headings are amended.
10. **Comparative figures** Comparative figures are the unadjusted figures from the previous corresponding period. However, if there is a lack of comparability, a note explaining the position should be attached.

11. **Additional information** An entity may disclose additional information about any matter, and must do so if the information is material to an understanding of the reports. The information may be an expansion of the material contained in this report, or contained in a note attached to the report. The requirement under the listing rules for an entity to complete this report does not prevent the entity issuing reports more frequently. Additional material lodged with the ASIC under the Corporations Law must also be given to ASX. For example, a directors' report and declaration, if lodged with the ASIC, must be given to ASX.
12. **Accounting Standards** ASX will accept, for example, the use of International Accounting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if one) must be complied with.
13. **Corporations Law financial statements** As at 1/7/96, this report may be able to be used by an entity required to comply with the Corporations Law as part of its half-year financial statements if prepared in accordance with Australian Accounting Standards.
14. **Issued and quoted securities** The issue price and amount paid up is not required in items 18.1 and 18.3 for fully paid securities.
15. **Relevant Items** AASB 1018 requires the separate disclosure of specific revenues and expenses which are not extraordinary but which are of a size, nature or incidence that disclosure is *relevant* in explaining the financial performance of the reporting entity. the term "relevance" is defined in AASB 1018. For foreign entities, there are similar requirements in other accounting standards normally accepted by ASX.
16. **\$ Dollars** If reporting is not in A\$, all references to \$A must be changed to the reporting currency. If reporting is not in thousands of dollars, all references to "000" must be changed to the reporting value.

Attachment A – Appendix 4B (rule 4.13(b))
Compliance Statement

1. The Appendix 4B (rule (4.13(b))) of Pro Medicus Limited for the half year period ended 31 December, 2000 have been prepared in accordance with:
 - (i) AASB Standards;
 - (ii) Other authoritative pronouncements of the Australian Accounting Standards Board; and
 - (iii) Urgent Issues Group Consensus View.
2. The Appendix 4B (rule 4.13(b)) has been prepared on the basis of historical costs and does not take into account changing money values or current valuations of non-current assets.
3. There have been no changes in the estimation methods since the end of the previous financial year.
4. The Appendix 4B (rule 4.13(b)) for the half year period ended 31 December 2000 has not been materially impacted by seasonal factors.
5. There have been no material revisions of estimates reported in prior interim periods or the current reporting period.
6. No operations have been discontinued since the end of the previous financial year.
7. There has been no change in contingent liabilities or contingent assets since the end of the previous financial year.
8. The Company listed on the Australian Stock Exchange on 10 October 2000. This is the first half year reporting period for the company and accordingly no comparative figures have been supplied.

INDEPENDENT REVIEW REPORT

To the members of Promedicus Limited

Scope

We have reviewed the financial report of Promedicus Limited in the form of Appendix 4B of the Australian Stock Exchange (ASX) Listing Rules, as set out on pages 1 to 17 and the Directors' Declaration for the half-year ended 31 December 2000, but excluding the following section:

- Material factors affecting the revenues and expenses of the economic entity for the current period (page 15)
- Compliance statement (pages 16 and 17)

The financial report includes the financial statements of the parent entity, Promedicus Limited. The disclosing entity's directors are responsible for the financial report. We have performed an independent review of the financial report in order to state whether, on the basis of the procedures described, anything has come to our attention that would indicate that the financial report is not presented fairly in accordance with Accounting Standard AASB 1029: Half-Year Accounts and Consolidated Accounts and other mandatory professional reporting requirements and statutory requirements in Australia and ASX Listing Rules as they relate to Appendix 4B, and in order for the company to lodge the financial report with the Australian Securities and Investments Commission and the ASX.

Our review has been conducted in accordance with Australian Auditing Standards applicable to review engagements. Our review was limited primarily to inquiries of the entity's personnel and analytical review procedures applied to financial data. These procedures do not provide all the evidence that would be required in an audit, thus the level of assurance provided is less than that given in an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Review Statement

As a result of our review, we have not become aware of any matter that makes us believe that the half-year financial report, as defined in the scope section, of Promedicus Limited is not in accordance with:

- a) the Corporations Law, including:
 - (i) giving a true and fair view of the company's financial position as at 31 December 2000 and of its performance for the half-year ended on that date; and
 - (ii) complying with Accounting Standard AASB 1029: Half-Year Accounts and Consolidated Accounts and the Corporations Regulations; and
- b) other mandatory professional reporting requirements and ASX Listing Rules as they relate to Appendix 4B.
